Jackery Solar Generator Connection Guide

Jackery

Please refer to the official Jackery website or customer support for the detailed solar generator connection guide.

For the connection issues shown in the diagram, please consider the following solutions. *The DC7909 male connector can be inserted into the DC8020 female port, but it is incompatible and does not allow current to flow.

Portable Power Station	DC Input
Explorer 240 V2 Explorer 100 Plus Explorer 280 Plus Explorer 300 Plus	 USB-C
