

● POWER ON/OFF

On

Press once

Off

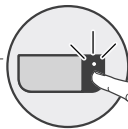

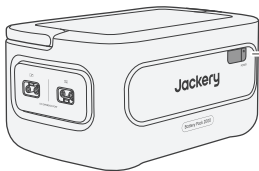

Press and hold for 3s

NOTE

- When using with Jackery HomePower 2000 Plus, you can control the power status (on or off) of Jackery Battery Pack 2000 through the main POWER button of Jackery HomePower 2000 Plus.
- The product will automatically shut down if it is not charged or no loads are connected for 2 hours.

● LCD DISPLAY ON/OFF

When you press the main POWER button or when charging the product, the LCD display is illuminated. When you press it again, the LCD display will be switched off.
